

JSJ Group

Delivering Precision Since 2012

About Us

Delivering Precision Since 2012

JSJ Group, encompassing SJJ Industries Pvt. Ltd. and Jwala Industries Workshop, is a leading manufacturer based in Indore, Madhya Pradesh. Established in 2012, we specialize in producing high-precision

components including jigs, fixtures, sub-assemblies, and specialized capsule machine parts. Our commitment to quality and innovation has made us a trusted partner in the manufacturing sector.

Mr. Sunil kumar Jha
DIRECTOR OF
JSJ Group of companies

Our Vision

To be recognized as a leading precision component manufacturer, delivering innovative and high-quality solutions that empower our clients' success.

Our Mission

- To provide customized industrial solutions with uncompromising quality.
- To embrace technological advancements in manufacturing for continuous improvement.
- To maintain client-centric relationships through integrity, reliability, and transparency.

OUR PRODUCT

- ALL TYPES OF GEARS

TYPES OF GEAR

SPUR GEAR

HELICAL GEAR

HELICAL GEAR

BEVEL GEAR

SCREW GEAR

SPIRAL BEVEL GEAR

WORM GEAR

MITRE GEAR

INTERNAL GEAR

RACK AND PINION

HERRINGBONE GEAR

HYPOID GEAR

- ALL TYPES OF SHAFTS

Transmission Shaft

Input Shaft

Line Shaft

Machine Shaft

Spindle Shaft

Crank Shaft

Counter Shaft

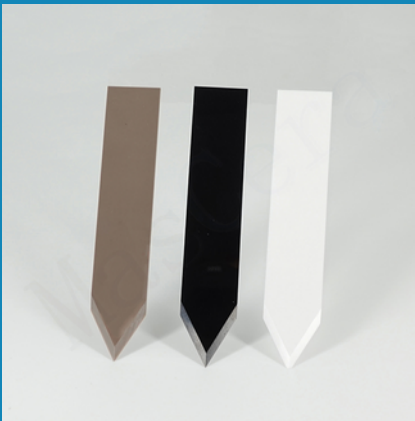

Output Shaft

- **MECHANICAL SEAL**

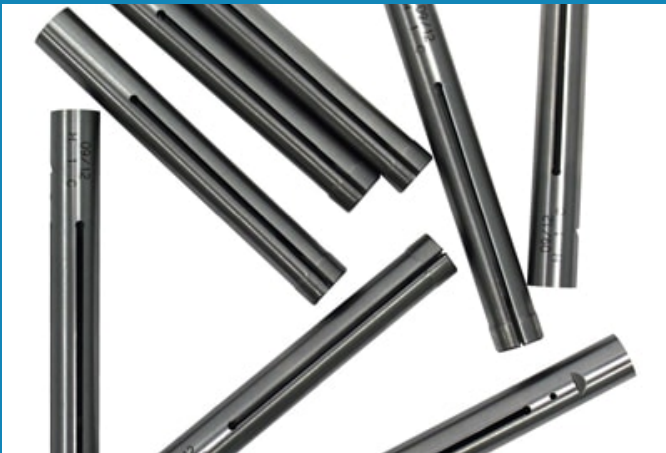

- **CAPSULE CUTTING CERAMIC BLADE**

- **CAPSULE PIN BAR**

- **CAPSULE COLLET**

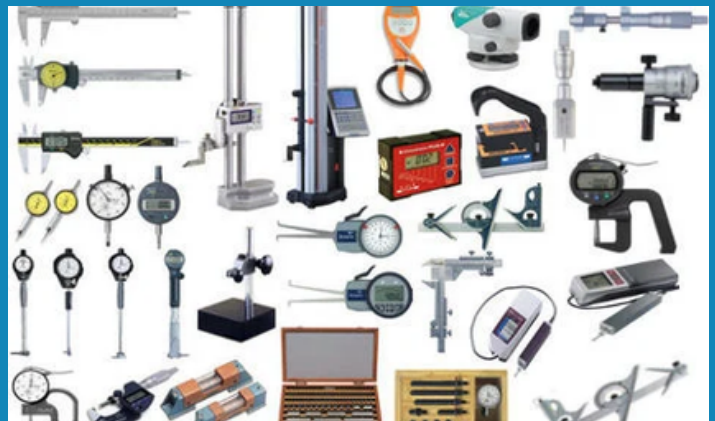

- **COLLET RING PLATE**

- **JOINER BLOCK**

- **QUALITY CONTROL INSTRUMENT**

OUR FACILITIES

All these machines come with a full quality guarantee and a 100% material return policy.

- **CNC Machine – 2 Nos**

Our setup includes 2 advanced CNC machines equipped for high-precision manufacturing. They ensure accurate, efficient, and consistent production quality for every component.

- **VMC – 1 No**

We have 1 high-performance VMC machine designed for complex and precise machining operations. It delivers superior surface finishing and accuracy for all industrial components.

- **CNC Turn Mill – 1 No**

Our CNC Turn Mill machine combines turning and milling in a single setup for maximum efficiency.

It ensures high precision, reduced cycle time, and superior component quality.

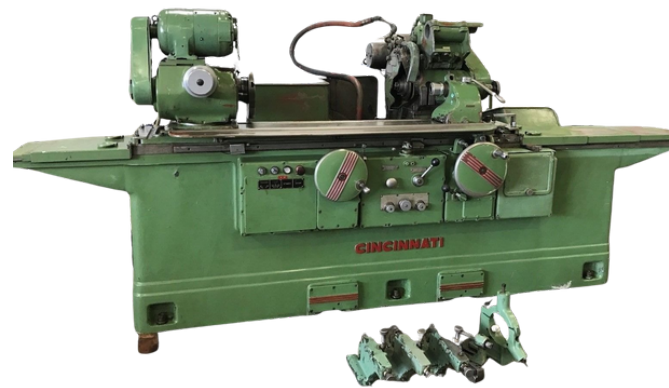

- **Gear Hobbing – 1 No**

We have 1 advanced Gear Hobbing machine for accurate and smooth gear cutting operations.

It ensures perfect tooth profiles and consistent gear quality every time.

- **ID OD Grinding – 1 No**

Our ID OD Grinding machine delivers precise internal and external grinding for high-tolerance parts. It ensures smooth surface finishing and exceptional dimensional accuracy.

- **Lathe – 5 Nos**

We have 5 high-precision lathe machines for efficient turning and shaping operations.

They ensure accurate dimensions and smooth finishing across all components.

- **Milling – 2 Nos**

We have 2 high-performance milling machines for precise cutting and shaping of components. They ensure efficient material removal and excellent surface finish for every job.

- **EDM – 1 No**

We have 1 precision EDM (Electrical Discharge Machine) for intricate and complex component machining.

It ensures high accuracy, fine detailing, and superior surface finish.

- **Surface Grinding – 3 Nos**

We have 3 surface grinding machines for achieving smooth and flat surfaces on components. They ensure high precision, excellent finish, and consistent dimensional accuracy.

Our Expertise

JSJ Group specializes in manufacturing a diverse range of industrial components:

01 Capsule Machine Parts

- Collet Ring
- Joiner Block
- Greaser Shell
- Collet Spindle
- Greaser Spindle
- Nylon Chain ½
- Auto Head Shaft
- Push Rod
- Drain Plug
- Nut
- Greaser Felt
- Blade Regrinding
- Joiner Block Repair
- Worm Wheel & Worm 6 Star
- Stripper Cheek
- Jaw Cheek
- New Ceramic Blade

02 Mechanical Parts

- Gears
- Shafts
- Sub-assemblies
- Custom mechanical components

03 Custom Solutions

- Design and development of specialized components
- Tailored manufacturing to meet unique client requirements

Infrastructure & Quality

Our manufacturing facility is equipped with modern machinery and advanced technology, supported by skilled teams for:

- Research & Development
- Quality Assurance
- Production & Packaging

This ensures that every product meets national and international standards, delivering precision, reliability, and durability.

Why Choose JSJ Group?

- Over 10+ years of manufacturing excellence
- Customized solutions for diverse industrial needs
- High-quality, durable products
- Reliable and timely delivery
- Dedicated R&D and quality control teams

Our Values

- **Precision Engineering** – Delivering accurate and high-quality products.
- **Client-Centric Approach** – Understanding and fulfilling every client's unique requirements.
- **Innovation** – Adopting advanced technologies for continuous improvement.
- **Integrity** – Conducting business with honesty, transparency, and trust.
